Fullstack Developer (Java, Angular, AWS)

(Fulltime)

ABOUT OUR BRANDS – FRANKSTAHL & STEELCOIN

Frankstahl is one of the leading Austrian steel trading groups operating in ten countries all over Europe. With our webshop thesteel.com we are providing over 100.000 different steel products for our clients. Our customer base ranges from industry leaders to innovative makers. Steelcoin is the most recent daughter company of Frankstahl established in 2022. Steelcoin is a groundbreaking digital security token, bringing real steel to the blockchain for the first time. The Steelcoin platform is developed inhouse by Frankstahl running on AWS and fully cloud-native.
